## Benefits of Bird Watching

Spring is here, and that means bird watching season! Bird are a beautiful part of nature, and taking the time to study them has benefits:

- Bird watching develops patience.
- Bird watching will get your children to go outside, or give them something to watch through a window instead of screen time.
- Bird watching allows you to clear your mind and simply live in the moment.
- Bird watching develops an appreciation for nature.

Setting up a backyard feeding station can provide hours of bird watching entertainment. Come into Geneva Ace for all your birding needs. We have a great buy on Kaytee assorted wild bird foods and suet on sale for the month of June, so you can stock up and enjoy birding for months to come.

Bird watching can be a therapeutic, relaxing and rewarding experience, whether you're looking to bring your children closer to nature or simply wish to take up a new hobby. Enjoy the season, and enjoy the birds!
